The Wellspring Story

Four generations ago, in the mid 1950's, a man, who grew up in the hills of the Ohio Swiss Valley gathered a forge, an anvil and the accessories and set up shop outside of Shipshewana, Indiana. He rolled up his sleeves and started serving the surrounding farming community. Big Ben Miller is gone, but his legacy of serving the community continues to this day. The coal forge is in storage and has been replaced by gas-fired furnaces. The anvil sitting in the middle of the action at the metal fab shop of Wellspring Components LLC, is symbolic of the legacy. Fourth generation family members continue to hammer out their creations on the anvil's scarred surface. Now, four generations later, the blacksmith & carriage shop has evolved into multiple divisions serving various markets including the local community.

The Wellspring BBQ division was created after years of endless creations. Needless to say, offering the Big Green Egg, the leader in ceramic grills, created new visions. Today Wellspring manufactures a line of aluminum grill cabinets for all ceramic grills and modular units to create complete outdoor kitchens. They design, manufacture and market commercial, competition, and backyard barbecue equipment. The latest is a new revolutionary concept of a rotisserie style barbecue cooker for large volumes of chicken, ribs, pork butts or similar meat cuts.

Even though Wellspring utilizes laser cutting, CNC bending, pulse welding and other technologies, it continues to be grounded in that legacy of the anvil, tongs, and fire. Unknown to many, Wellspring is one of few in the world that still forges and heat treats taper--ed leaf springs as it was done over a hundred years ago for the horse drawn carriage and 1st. generation auto industry. Wellspring craftsmen are still grounded in this legacy as they create value with steel, stainless steel, aluminum, and plastic. The aluminum grill cabinet is a good example of these timeless pieces.

We're not using an actual picture of Big Ben but anybody that remembers him would declare this is him in his environment. Ben loved the Lord and had no children but was "uncle Ben" to many.

Product Care, & Warranty.

Product Care: Use only mild soap with sponge or soft cloth to clean all powder coated surfaces. Do not use solvents, stainless cleaners or aggressive dish soap. It is recommended to use a Carnauba wax on surface. The powder coated finish & plastic are both high quality exterior products but will be scratched when in contact with sharp or abrasive objects. Use hot plates under all hot items placed on powder coated surface and make sure there is no debris in between. Do not leave hot or wet ashes on powder coated surface. Plastic doors will warp at very high temperature. Heat deflection rating is 66 psi at 183 degree F. No warranty on plastic beyond these specs. There is no salt spray specifications or warranty as of 2016.

Warranty: Limited 10 year warranty on material and welds to original owner with regular use and care as intended. 2 year warranty on all hardware, wheels, and the loosening or stripping of all fasteners. 6 month warranty on powder coating from peeling or cracking when used as intended and following recommended care. No warranty if misused, abused or used in any way other that what the product is intended for. No warranty if not cared for as indicated under Product Care. This warranty is strictly with Wellspring Components, LLC. Copy of original invoice from dealer needed to claim warranty. Wellspring will pay freight costs in the first year, after that, shipping is prorated for 5 years. After 5 years no freight allowed.

Xpandable Generation PRODUCT GUIDE

The **Xpandable Generation** is based on the original line of powder coated aluminum, all welded, outdoor grill carts by Wellspring. Designed specifically as an extremely durable yet affordable choice for your outdoor cooking experience. The Xpandable series provides a choice of one basic module on wheels to a full outdoor kitchen that can grow along with the progressing outdoor cook.

MARINE GRADE POLYETHYLENE DOORS

UV resistant ¾" doors will not corrode, tarnish, fade or rot. Providing a long lasting and elegant look with all 6 color combinations.

POWDER COATED BODY and TOP

UV & CHIP RESISTANT powder coated all welded aluminum provides an exceptionally durable, yet light weight body and work surface that will stand the test of time in a variety of outdoor climates.

URETHANE COUNTER TOP UPGRADE

A unique and highly durable two part catalyzed urethane with UV resistant clear coat in an authentic granite counter look and feel. This upgrade makes the Xpandable Cabinet the most unique modular kitchen on the market.

STAINLESS STEEL OR POWDER COATED HARDWARE

Heavy duty, soft close, hidden hinges and powder coated aluminum handles provide secure storage while maintaining an elegant kitchen appeal. Heavy duty 4" wheels and locking casters with optional solid welded aluminum and powder coated leg kit.

NOTE: Due to the inconsistency of many printers and computer screens, the color rendering of this document may be effected.

Grill Cabinet Options & Accessories

Silicone/Fiberglas Mats

This silicone/fiberglas mat is to protect your grill table from heat, grease, scuffs and messes that always goes along with good bbq. Easy to take up for washing with other utensils and also rolls up nicely for storage. Recommend 2 mats per cart. Large size of 14" X 23" will fit on each side of standard cart or 2 side by side on deluxe and elite cart. Medium size 13" X 16 3/8" will fit on value cart shelf, one on each side. Use as a Protective Mat, DO NOT USE AS A CUTTING BOARD.

Door Profiles

Xpandable Generation
Your Imagination is the limit

Counter Top Upgrade

Upgrading to a door profile is available. Please consult your dealer on pricing and availability. This is only available in the 3/4" xpandable doors not in the 1/2" Alpha series.

A very durable Urethane coating that is being used extensively in refurbishing kitchen counter tops. This is a closeup on the color NIGHT SPOTS black enamel look. The Advantage of coating aluminum rather than marble, wood base, or any other standard counter tops is less weight, no rotting, and easy to install.

Gourmet Sauces & Seasonings

Great compliment in your BBQ store. These sauces and seasoning are proven to provide the best in barbecue. The Sweet & Savory has won many prizes such as the Best Sauce in the 2015 American Royal, including 2019 Illinois Peoples Choice. BBQ Plus & Meat Rub have won many prizes & combined are a complete seasoning cupboard for serious barbecue.

SWEET & SAVORY BBQ SAUCE

This is one of those products that we feel great in putting our name on it. This is for those that love a sweet barbecue sauce. The brown sugar performance in this savory sauce works great on any type of meat. Go ahead, don't just pour, smother it!

1/2 Gallon
6 per case
12 oz Glass Bottle
12 in Case

SPICY PEACH BBQ & WING SAUCE

The smooth sweetness of this sauce blends with the medium to mild spicy flavors in such a way that you can hardly pinpoint the peach! When you slather chicken wings with this, you'll know it's taking barbecue sauce to another realm.

. 1/2 Gallons
6 per case
12 oz Glass Bottle
12 in Case

APPLE HONEY BBQ

A BBQ Sauce that will really talk to your barbecue taste buds. A delicious apple-flavored barbecue sauce with the smoothness of honey. The type of sauce that creates a new experience in eating pork. If you fall in love with this taste, you'll want to try it on all types of meats.

12 oz Glass Bottle
12 in Case

BBQ PLUS

This is our signature product that has been developed over a period of years to a tasty balance of salt, sugar, onions, garlic, black pepper, hickory smoke flavor, chili and spices. This is the ultimate for grilled chicken. It does a great job in sealing in natural juices of your meat. The taste of grilled chicken seasoned with BBQ Plus will encourage you to BBQ Plus everything.

10.5 oz Shaker Bottle
.2 lb Bag
5 lb Bag

FAJITA SEASONING

This is our new sensation in the food world. The medium heat chili that we use creates a south-of-the-border sensation without overwhelming the flavor of your food. Great for chicken and beef fajitas, but very universal. You'll be surprised what it'll do for stir frys, shrimp and steaks.

10.5 oz Shaker Bottle
2 lb Bag

STEAK & BURGER

This recipe is based on a Montreal Steak seasoning. The overall grind is a little finer than most steak seasoning, but still a fairly course ground peppercorn. A little less garlic for those that don't want the taste dominated by garlic. The finer grind makes it great for burgers. Preseason both sides of steak at time of grilling or apply up to 4 hours before.

10.5 oz Shaker Bottle

MEAT-RUB

This all purpose meat rub is also one of the products fully developed by us. The combination of spices of Rib-Rub with a little sweetness helps seal in the natural juices of any meat that is cooked low and slow in the barbecue pit. This is the ultimate for ribs, pork tenderloin and also great for briskets, whole chickens and such. You may apply rub just before putting meat on barbecue pit or apply up to 12 hours before cooking, wrap and refrigerate.

10.5 oz Shaker Bottle
2 lb Bag
